Acting in the name and on behalf of (for e.g., the People and the Federal Government of the Central Coast Republic,) as admitted today, Member of GECCA

I pledge allegiance to the Global Economic Cooperation Council for Africa, to African Continent, to the Central Coast Republic and to all the peoples and nations of the earth to which the Global Economic Cooperation Council is dedicated.

I pledge allegiance to the founding, governing and ethical structures of the Global Economic Cooperation Council for Africa, and I promise that, we, the People and the Federal Government of the Central Coast Republic, will dedicate our full potential to ensure GECCA's Mandate works properly, as a supreme and common drive for Africa, for our people and for all the peoples and nations of the global Afrocentric world.

Along our membership within GECCA, from our country to all our global cooperation spheres, we pledge to live, walk, act and behave with possible dignity, as faithful, respectful ambassadors and honorable representatives of the Global Economic Cooperation Council for Africa; committed to substantially contributing in propelling GECCA principles, values, and civilizations to the center of the most prominent and world influential change.

As inherent members of universal community of the human people of the earth, we understand that the world is one, that Africa is an integral, inalienable and indispensable part of that world, and that all human beings are our brothers and sisters, Africans as well. We understand that humanism has neither boundaries nor political parties, that its only one doctrine is progress, well-being and happiness for all the peoples of the earth, and that its glory can only emerge through an imperative global conscience and powerful cooperation that put peace, unity and multipolar prosperity first. In order to confirm and translate these powerful ideals into truths and deeds, regardless of their races, backgrounds and beliefs, I do solemnly promise, on my own behalf and on behalf of People and the Federal Government of the Central Coast Republic....., that we will look upon and treat everyone with love, justice, fairness and consideration, and that we will deploy all our power, our collective conscience, and our deliberate support to GECCA, for the rise and prominence of One Africa, One World, One Economy, and One Multipolar Prosperity, a global Afrocentric world conceived and pledged on vibrant, pioneering, humanistic, plenipotential, transformative and impactful cooperation, as well as on a new era of collective reconstruction of peace civilizations, common prosperity, and endless and borderless progress.

From now on and from this day forward, I pledge loyalty to Africa, to all GECCA Members and to all member peoples and nations of the universal community of the human people of the earth. I solemnly pledge, that neither I, nor the People, nor the Federal Government of the Central Coast Republic will ever attempt to get involved in any project for harmful or conspiratorial purposes against humanity. We deeply understand that violence, economic marginalization, extractivism, as well as political aggression and military dominion are strictly prohibited in across GECCACivilizations; and we hereby resolve, to dedicate all our power and potential to passionately supporting GECCA in building global Afrocentric economies free from any form of contrasts, violence, exploitation, and wars. In regard to that, we, the People and the Federal Government of the Central Coast Republic, determinedly pledge to ourselves and to all the people and nations of the earth, that we'll never interfere in the GECCA Member Communities' domestic affairs, that we'll honor and respect the right to sovereign equality for

all, and that we'll consolidate with all energy, devotion and determination, all initiatives of great community, national, continental and global importance, such as maintaining our support for healthy struggles aimed at rooting out poverty, violence, conflicts and wars, and promptly furthering comprehensive transformation from the community and domestic levels to the regional and global spheres.

All over our membership and cooperation term, I highly resolve and freely promise to GECCA, that our country will demonstrate a culminating level of diligent and successful member, and that we will endorse GECCA in letter and spirit towards culminant completion of One Africa, One World, One Economy, and One Multipolar Prosperity.

For which motives and resolutions, I hereby declare, that I absolutely, consciously, and freely undertake this pledge today, without mental reservation or purpose of deliberation, in witness whereof, I hereafter affix my signature, to signify my own free devoted willpower and that of the People of the Central Coast Republic for Africa and the global Afrocentric communities.
